Dean's Welcome

The Johns Hopkins University School of Medicine consistently ranks among the best learning institutions in the nation. But we are much more than our rankings—we are a proud, close-knit community made up of the finest physicians and scientists who strive to provide the very best in patient care, research, and education.

Our network of talented alumni is one of our greatest strengths, and we rely on you to help us grow our community and build upon our rich legacy of excellence, collaboration, and contribution. Class representatives like you maintain our invaluable connections and foster comradery among our over 30,000 school of medicine graduates. I am very grateful for your hard work and dedication.

Thank you for your leadership in the Johns Hopkins University School of Medicine Class Representative Program. I hope you enjoy your experience in this rewarding role, and I look forward to seeing you in Baltimore next year for the School of Medicine 2024 Reunion and Alumni Weekend.

Kind regards,

Interim Dean of the Medical Faculty
Chief Executive Officer
Johns Hopkins Medicine

Class Representative Job Description

The Johns Hopkins University School of Medicine's alumni relations team looks to class representatives for guidance and leadership in creating a friendly, knowledgeable and productive environment that helps foster meaningful relationships between alumni and the school of medicine.

Responsibility

The class representative:

- Acts as a liaison between the school of medicine and classmates.
- Assists the alumni relations office in locating missing contact information for classmates.
- Shares professional and personal accomplishments of classmates with the school of medicine's alumni relations team.
- Submits nominations of alumni or other Hopkins-affiliated colleagues for awards.
- Provides leadership and guidance for reunions.
- Attends volunteer leadership meetings and the annual meeting of the Johns Hopkins Medicine Alumni Association, and participates in other programs, when possible.
- Annually supports the school through personal giving.
- Asks classmates to join them in supporting the school of medicine through personalized solicitations.
